BOTHER YOU??**

CALL US TODAY: 800-700-4361

If you suffer from chronic sinus infections, disturbed sleep, seasonal or year round allergies, our physicians may be able to help you.

Considered regional experts with over 30 years of experience, Dr. Mueller and Dr. Drumheller are the **ONLY** physicians in Washington utilizing the state of the art KTP laser for treating nasal deformities which can contribute to allergies, nasal obstruction, chronic sinus disease, snoring and nasal polyps.

With only a 10–20 minute relatively painless procedure performed in an outpatient setting, laser treatment is quick and very effective at relieving symptoms.

Our caring and skilled physicians are standing by, ready to make your visit a safe, quick and effective experience.
